Jeff Mills	Bob Lawrence
Bob Sullivan	John Brown
Debra Brown	Pat Henegan

John Brown called meeting to order at 7:02. Pat made the motion to accept Bob Sullivan seconded, motion passed. Treasure report was given as \$428.69 dollars minus \$44.00 for the post office rent. Bob Sullivan motioned and Pat seconded.

John reported on the theft of hard line, there was a report filed by Debra to the Sheriff's office. Contacted Alfa and let them know.

We need to go ahead and build jumpers so when someone does go up to it will be ready. WE need two males on both and barrel connectors in case of trouble, we will also need female connectors. Bob Lawrence will make a jumper of 8-10 feet. Pat will use a spotter scope to check on the length. Johnny will email Steve again. Deeson knows someone who will possibly climb the tower for us. We will order cable when we have the correct length.

Spotter class. The people who attended would like a more technical class next time. The next class to be held will be an advanced class. This advanced class will be held in the fall. Weather service flew over Andalusia; the tornado that went over Andalusia was classed as an EF2. This tornado was 22 miles long and over 200 yards. Officially 11 confirmed tornados in the Mobile Watch area and three fatalities in Deer Park. Jeff son said that there was 44 trees blown down and 3 twisted, with three out buildings destroyed.

New Business

Field day will be June 25-26 2011 this year. Malcolm will be there and provide the Friday night meal. Catfish, slaw and baked beans along with hushpuppies. This year's field day will be at The Sweet home Alabama Campground.

Meeting was called at 7:50.
